

IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY – EN16890:2017

Safe Combo BAMBIO should be used as purchased: BAMBIO mattress + TOP SAFE mattress cover placed onto the mattress. Safe Combo BAMBIO is aimed only for rest.

Safe Combo BAMBIO should be used with AirCuddle ANGEL fitted sheet or other fitted sheet.

TOP SAFE mattress cover has to be positioned with 3D fabric facing upwards and placed onto the mattress through the elastic bands sewn at the four corners. Do not leave in any case the mattress protector within the reach of children.

For the maintenance of the BAMBIO mattress lining: 

For the maintenance of the TOP SAFE mattress protector: 

In compliance with EN16890: 2017 the zipper does not have the puller to prevent the child from having access to the padding material. To open the zipper use a paper clip or similar tool, taking care to remove it after use.

Check that width and length are such that the clearance between the sides of the mattress with respect to the inner ends of the bed is less than 30 mm

Safe Combo AirCuddle BAMBIO cm 60x120x12	for cots with maximum inner size cm 63x123
Safe Combo AirCuddle BAMBIO cm 63x125x12	for cots with max inner size cm 66x128
Safe Combo AirCuddle BAMBIO cm 62x125x12	for cots with maximum inner size cm 65x128
Safe Combo AirCuddle BAMBIO cm 70x140x12	for cots with maximum inner size cm 73x143

From time to time check the conditions of the BAMBIO mattress and the TOP SAFE mattress cover. Do not use if any part is broken; torn or missing and use only spare parts approved by manufacturer.

WARNING: Do not place more than one mattress inside the bed.

WARNING: be aware of the risk of open fire and sources of strong heat, such as electric bar fires, gas fires, etc. In the vicinity of the cot/mattress (crib and suspended bed)

All packing material must be removed before use and kept away from the reach of the baby to avoid hazard of suffocation.

Mattress should be periodically switched high / low head / feet. TOP SAFE mattress cover has to be positioned on the surface where baby sleeps (with 3D facing upwards) and placed onto the mattress through the elastic bands positioned on the four corners. Do not leave in any case the mattress protector within the reach of children.
